Instructions for marking a Ranked Choice Ballot

Do I need to rank all candidates?

No, you do not need to rank all candidates.

You should rank **at least one candidate** as your first choice.

Then you can rank as many of the remaining choices as you want.

How does it affect my first choice?

Ranking other candidates does not affect your selection for your 1st choice.

Only your 1st choice is counted in Round 1.

Your other choices will only be counted if your 1st choice does not win in Round 1.

When can my 1st choice be eliminated?

As the votes are counted, the candidate with the fewest votes is eliminated at the end of each round.

If your first choice is eliminated, your second choice will be counted, and so on.

The elimination process continues until only candidates above the 15% threshold remain.
